PROFESSIONAL SUMMARY

Junior Full-Stack Developer with hands-on experience building modern web applications using JavaScript, React.js, Next.js, Node.js, and MongoDB. Experienced in developing REST APIs, authentication systems, and full-stack platforms including eCommerce and CMS-style applications.

Background in operations and data-driven problem solving, bringing 6+ years of experience analyzing workflows, diagnosing issues, and improving processes in high-volume environments.

Combines software development knowledge with real-world operational insight, enabling effective debugging, system analysis, and collaboration between technical and non-technical teams.

Actively seeking a Junior Frontend Developer / Full-Stack Developer / Web Developer role in Poland.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), TypeScript
- **Frontend Development:** HTML5, CSS3, React.js, Next.js, Redux Toolkit, TailwindCSS, Responsive Web Design
- **Backend Development:** Node.js, Express.js, REST APIs, JWT Authentication
- **Database:** PostgreSQL, MySQL, MongoDB, Prisma ORM, Firebase (Authentication & Storage)
- **DevOps & Hosting:** AWS (EC2, S3), Render, Netlify, Vercel, Cloudinary
- **Tools & Development:** Git, GitHub, Postman, API Testing, Debugging, Agile

---

PROJECTS

1. Hagyustic – E-Commerce website [Live Demo] | [Github]

Developed a full-stack eCommerce web application supporting authentication, product management, shopping cart, and order processing.

- Built scalable REST APIs using Node.js and Express.js for product and order management
- Implemented JWT authentication and protected routes
- Integrated Stripe and PayPal payment gateways
- Designed responsive frontend using React, Redux Toolkit and TailwindCSS
- Implemented product filtering, wishlist, and cart functionality
- Developed admin dashboard with CRUD operations for products, users, and orders
- Managed application state using Redux Toolkit

Tech Stack: JavaScript, React, Redux Toolkit, TailwindCSS, Firebase, Node.js, Express.js, MongoDB

2. DevHub – CMS Blog & Content Platform [Live Demo] | [Github]

Developed a full-stack blog platform allowing users to create, edit, and manage content.

- Implemented secure authentication and profile management
- Built post creation and editing system with image uploads using Firebase Storage
- Designed responsive UI with dark mode support
- Implemented dynamic content updates and user dashboards

Tech Stack: JavaScript, React, Redux Toolkit, TailwindCSS, Firebase, Node.js, Express.js, MongoDB

3. Professional Portfolio Website [Live Demo] | [Github]

Designed and developed a personal portfolio website to showcase development projects and technical expertise.

- Responsive user interface built using React and TailwindCSS
- Implemented contact form with backend API integration
- Developed backend API service to manage contact form submissions
- Deployed project using modern hosting platforms

Tech Stack: JavaScript, React, TailwindCSS, Node.js, Express.js, MongoDB

WORK EXPERIENCE

Operations Specialist

Ace Rico Poland Sp. z o.o, Poland | Feb 2020 – Present

- Analyze operational workflows and production data to identify inefficiencies and optimize processes
- Plan and coordinate production schedules, material requirements, workforce allocation, and logistics flow
- Manage procurement planning and cross-department coordination to ensure continuous production operations
- Maintain structured operational data systems using Excel, ERP tools, and reporting dashboards
- Monitor production performance metrics and generate KPI reports for management decision-making
- Perform root-cause analysis for operational issues, implementing corrective process improvements
- Document workflows and support implementation of digital reporting systems and structured data tracking processes

Operations Support Assistant

Ace Rico Poland Sp. z o.o, Poland | Dec 2019 – Jan 2020

- Assisted with operational reporting, material planning, inventory tracking, and workflow coordination, maintaining structured documentation and supporting issue tracking for operational processes.

Construction Engineer

JK Construction, India | May 2018 – Oct 2019

- Prepared project documentation, cost estimates, procurement records, and progress reports while coordinating suppliers and ensuring compliance with project standards.

EDUCATION

Bachelor of Engineering in Construction Engineering

Anna University, India | Apr 2014 – Apr 2018 | First Class Honors – GPA: 8.03 / 10

LANGUAGES

English: C1 (Advanced)

Polish: B1 (Intermediate)
